

Want To Live Like A Hamster? Try The Hamster Hotel!

Want to live like a hamster? Try the hamster hotel! A hotel in France is offering guests the chance to spend the night living like a hamster!

Villa Hamster is a hotel that has been decorated inside to resemble a hamster cage. Guests can check in and escape the stress of being a human and live a hamster life instead.

Rooms are designed like cages; guests sleep on hay instead of beds and can even use a human-sized hamster wheel. Guests are encouraged to eat on all fours and wear hoodies that make them look more like hamsters!

The owner of the hotel says many hamster owners like to come and see what life is like for their pet!
