

# Bear Found Living With Chickens

[back](#)

A mother bear and her cub live in Canada. The bear cub loses his mother. He is lonely. He is hungry. But he finds a new home. He lives with chickens!

Chickens like to eat grain. Bears like to eat meat. Bears usually eat chickens. But this cub has chicken friends. He does not eat the chickens. He lives with them.

The bear cub is very skinny. He should weigh 30 kilograms, but he weighs 10 kilograms.

People find the bear. They help him. Now the bear is in an animal shelter. They give him a name. His name is Tinsel. He eats good food at the shelter. He eats bear food. He eats meat.

Now Tinsel is bigger and stronger. He is healthy. He is a normal bear. But he will not kill chickens.

Tinsel is the first bear cub to live with chickens. He is a unique bear cub!
